

The Waters of Creation

Robin Fennelly

*The Great Mother sighs and oceans
Tremble and swell filled with her breath.*

*The Bright Mother opens her eyes
Gazing with expectation and the world is
Suddenly ablaze with illumined gaze.*

*The Dark Mother stretches out her hand
And you are left exposed and vulnerable
Your darkest secrets are laid bare.*

*The Creatrix moves and Life awakens
As the fabric of form is woven gently
Within the folds of Her potent embrace.*

Alchemical Water

The symbol for Water is a downward-pointing triangle, since Water with its cold and moist qualities seeks to descend or condense. Fire and Water are the two purest elements, and the other two elements of Air and Earth are considered to be more material versions of them.
